

## About Peace Action

Peace Action, the merger of **SANE** and **The Nuclear Freeze**, has effectively mobilized for peace and disarmament for fifty years.

As the nation's largest grassroots peace and justice group, we get results: from the 1963 treaty to ban above ground nuclear testing, to the 1996 signing of the Comprehensive Test Ban Treaty, from ending the war in Vietnam, to blocking weapons sales to human rights abusing countries, and eliminating funding for new nuclear weapons, Peace Action and its more than 100,000 members have been, and continue to be, at the forefront of the international movement for peace.

**Peace Action Denton**

**At Peace Action we believe**

**...that every person has the right to live without the threat of nuclear arms.**

There are over 30,000 nuclear weapons in the world. The only way to ensure that nuclear weapons will never be used—whether purposefully, or accidentally—is global abolition.

**...that war is not a suitable response to conflict.** For almost 50 years Peace Action has worked for an environment where all are free from violence and war. We understand that long standing global conflicts require long-term solutions, and that U.S. foreign policy has a lasting effect on the world. We work to promote a new U.S. foreign policy.

**...that America has the resources to both protect and provide for its citizens.** As the Pentagon's budget soars, many U.S. children live in poverty. For what the U.S will spend on missile defense in one year we could: provide healthcare for over 3.5 million children OR create over 100,000 units of affordable housing OR hire over 160,000 elementary school teachers.

---

**Peace Action is...**

Peace Action Denton is an affiliate of Peace Action, the nation's largest grassroots peace and justice organization.

We are dedicated to legislative and community action against militarism and FOR PEACE. We work to oppose U.S aggression, and to call for a reduction of the military budget, and for a reduction in weapons trafficking and production.

Peace Action has a membership of over 100,000 persons, 30 state affiliates, and over 100 local chapters, like Denton, making it the largest membership and activist network of any peace and justice organization in the U.S. Peace Action members work for policy changes in Congress, state capitols, city halls and the United Nations.

The national office of Peace Action houses an organizing department which promotes growth and activism on these issues across the nation.
